

Counting Nature

Copyright Mom Explores The Smokies 2016

Directions: Cut out the picture cards, shuffle them, and place them in a pile. Have your child draw 1 card at a time to see what item to count. After choosing a nature item to count, roll the dice to see how many of that item to count. Happy learning!

Alternate Directions: Print out 2 sets of cards. Cut out the picture cards and randomly write a number on the back of each card starting with the number 1. Next, shuffle the cards and place them in a pile. Have your child draw 1 card at a time to see how many of each item to count. Happy learning!
